Exclusive 1st class cruises in Galapagos

EXPLORE THE ENCHANTED ISLANDS

with Gaston-Sacaze

EXCLUSIVE CRUISES IN GALAPAGOS

Lose sight of the shore for a unique experience aboard our cruise yachts! Experience the Galapagos Islands accompanied by a naturalist guide, on board of a small boat, for an intimate and fun discovery of this little paradise on Earth. Enjoy close encounters with some of the most particular marine and land species. Discover fabulous sceneries and the amazing submarine life of the second biggest reserve on earth.

Gaston-Sacaze DMC is an incoming tour operator offering guaranteed departures for Galapagos cruises starting from one participant.

We charter two 1st class yachts of small-capacity (16 people max), each one offering 3 different itineraries (4, 5 or 8 days cruises) available all year round. The time spent on board varies between land-based excursions, to discover the Galapagos' flora and fauna, navigations to reach each point of interest, and free time to enjoy the colorful beaches and swim with playful sea lions or to go snorkeling or kayaking (kayak practice is available at certain sites and under Galapagos national Park approval).

Plan your journey in Galapagos or extend your stay in Ecuador or in Peru, with a Galapagos cruise extension to navigate as close as can be, to this unique well-preserved nature Heritage Site.
