

Mountain bike in South America

BIKE

by Gaston-Sacaze | DMC

Gaston-Sacaze DMC, travel expert in South America, launches a new product dedicated to two-wheel riding enthusiasts! Explore the Incas' land by bike, an original and alternative way to discover the natural and cultural richness of this amazing country. Our team of specialists based in Cusco offers you a wide range of cycling modules to meet all expectations from families looking for recreation, to thrill-seeking sports lovers! Check out our itineraries to find the experience that suits you best !

## OUR MTB >>> *Professional equipment*

We provide Specialized Camber Comp bikes to ensure you have the best experience from singletrack to technical trails and descents.

This Specialized full suspension MTB features:

- » 120mm of front and rear travel.
- » RockShox Recon Silver fork.
- » Tektro Draco hydraulic disc brakes and Light Wave rotor of 160 and 180mm for a plush and versatile trail bike.
- » DT Swiss wheels and a Shimano SLX 27-speed drivetrain.

## OUR SERVICES >>> *Quality & Safety*

- » Private services.
- » Certified MTB guide as well as an assistant for groups over 5 people.
- » High quality services: from food selection to bike maintenance, we are committed to provide you the best services.
- » Professional equipment to ensure fun and safety: Specialized Camber Comp mountain bike, helmet and gloves.
- » Itineraries combining astonishing landscapes, folklore and cultural heritage.

## OUR BIKE MODULES SELECTION >>> *Riding the best of Peru*

To help you select the itinerary that suits you best, we set up a rating system to indicate the level of physical effort as well as the technical level required to enjoy the activity. For each module, we also precise distance, drop and altitude.

Check out below our best itineraries or visit our website in « Bike by Gaston » section to find all the details of each program: [www.gaston-sacaze.com](http://www.gaston-sacaze.com)
